Subject: PRESS RELEASE 08/05/15 - New Traffic Signal at 12th Ave SE and Cedar Lane Road

PRESS RELEASE

City of Norman
201 West Gray
Norman, Oklahoma 73069

For Immediate Release: August 5, 2015

Contact: David Riesland, City Traffic Engineer, 329-0528, David.Riesland@NormanOK.gov

New traffic signal at 12th Avenue SE and Cedar Lane Road

Traffic Signals, Inc., the traffic signal subcontractor on the Cedar Lane Road widening project, will be activating the new traffic signal at the 12th Avenue SE intersection with Cedar Lane Road on Thursday, August 6, 2015, weather permitting. After 9 a.m., the intersection of Cedar Lane Road and 12th Avenue SE may be controlled by all-way STOP control as the contractor's crew works in the intersection turning vehicular traffic signal heads to line up appropriately with the approaches to be controlled.

The new traffic signal is intended to serve significant future developments in the area. The installation is part of the continuing project to widen Cedar Lane Road in this area. The Cedar Lane Road Project is administered by the Oklahoma Department of Transportation. When the project is completed, the City of Norman will operate and maintain the new traffic signal.

For additional questions, contact David Riesland, City of Norman Traffic Engineer, at (405) 329-0528 or David.Riesland@NormanOK.gov.
